PWS16820260509

The LC 200 load limiter is an electronic, compact, reliable instrument, complete with display and 4 mechanical keys. It is certified and compliant with the SIL safety regulation, which allows you to avoid damage or breakage with very dangerous consequences for the operators' safety. The load limiter can control the weight through alarm and pre-alarm for failure or power failure for one or more cells thanks to the multiple connection.
