PWS2020251216

The BLH NOBEL KIS 2 load cell is extremely precise and robust and it is resistant to very high lateral forces. The KIS 2 cell is easy to install, it has a moveble loading point and 5 meter 4-wire shielded cable. The BH NOBEL KIS 2 load cell can be used for weighing for dosing, mixing and melting systems, for weighing for reactors and conveyor belts, for complex weighing processes and for accurate force misalignment systems.
