### General information

PWS4520251216

The off center load cell U2D1 is insensitive to off-weight weights and is particularly suitable for the construction of industrial and bench electronic scales, piece counters and packaging machines. The single point cell U2D1 guarantees high precision and maximum long-term reliability. The cell U2D1 has a 4-core shielded cable that is 30 cm long and flat with a maximum size of 400 x 600 mm.
