PWS1120260210

The TRZ traction load cell (also known as TRZ tension cell or TRZ S-type load cell), is made of stainless steel and it has been designed for the industrial weighing of small tanks and hoppers. The tension TRZ cell has excellent linearity and precision characteristics and it withstands overloads of more than 300%. The TRZ S-type load cell is weather-proof for use in severe environmental conditions, it is available in a special high temperature version and can be customized.
