

## Technical specifications

PWS11620251205

RAVAS 1100 is a weighing transpallet that is simple to use, reliable in size and with excellent load capacity. It can be used as a mobile scale but with the implementation of dedicated functions it can work as a piece counter, manage and/or control dosages, print, transmit wireless data, etc. It is equipped with stainless steel forks, automatic shut-off after 3 minutes of non-use, gross weight and net weight indicator. The RAVAS 1100 product is also available in special versions and can be customized.
